Exclusively Bradley

Clean + Rinse + Dry = A Sink That Makes Sense

Soap

- Touch-free activation
- Extra-large capacity—for fewer refills
- Top fill dispenser—easier to refill, saves time and money
- Low-level LED indicators let maintenance staff know when to refill
- Audible overflow protection

Faucet

- Touch-free activation
- 0.38 GPM / 1.4 LPM provides 24% water savings over standard models
- Above deck access to sensors makes maintenance easy

Dryer

- Touch-free activation
- Voltages for US and International applications
- Creates safer environment by keeping water off the floor
- Illuminated, ergonomic and dual-sided; dries hands in 15 seconds or less
- Design allows easier access for children and wheelchair users
- Lower noise level than most dryers
- UL certified

With the Advocate® everything's within reach for the ultimate in convenience, comfort and safety.

Clean

No more paper towel waste on the floor

Safe

No more slipping on water dripped on the floor

Comfortable

Everything is within reach
